We previously discussed that you were going to contact them via email using the draft language I provided (bottom of this email chain). I think its fine to do afterwards, but we have comments coming up on the EWG on unsupported compounds (see attached email).

Yes, please do. I thought we were going to have this before the Interest Group meeting. But I think it will have to be afterwards. Please try to schedule this for next week.

Also, please see me about aldicarb.

David.
